

A blue Centurion boat is shown in motion on a dark blue lake, leaving a white wake. The boat is positioned in the lower right quadrant of the frame. The background consists of a steep, rocky cliff face with patches of green vegetation. The overall scene is dynamic and scenic.

CENTURION BOATS
2025 F&E SERIES

Pushing for Perfection

To build a great series of wake sports boats for 2025 we have merged Centurion-specific innovations with the strategic features of the Fe22 to create three boats that are unapologetically focused on performance. We have prioritized our design to focus narrowly on the world's best waves, wakes and ride, in that order.

Dedicated wake surfers will relish our new interiors and delight in boats designed with their needs in mind. The new Centurion Fe22, Fe23 and Fe25-foot packages give you all that you want in a surf boat without making waves in your budget.

Make the Features Personal

We offer a long list of desirable options to enable you to customize your boat to match your needs. Here are a few popular choices. Our flip-up transom stadium seating creates instant comfort and extra seating when the boat is stopped. An available slide seat with limo lights allows for multiple seating configurations and vantage points to watch your rider. Our swim deck covered with GatorStep can be customized in four different schemes including 3-Color Salute to Service. The single rear facing 180-degree camera projects into the dash for helpful visibility behind the boat. The Silent Stinger Wake Plate enables boat running attitude adjustment at a moment's notice as well as muffling engine noise and redirecting the exhaust's interference in the wave. Flip-up interior rear-facing stadium seating can be port or starboard, offering helpful back support. On hot days or when you're just hanging out, extend your SewLong bimini top 5-8 feet with the new SewLong SunShade for more shade. Also available is our signature RAMFILL² "The Baller," which fills 2600+ pounds of water in 90 seconds.

Just the Right One

There are three models in the Fe series. Just like Goldilocks, find the one that is just right for you. Whether your priority is budget, space or performance, there is an Fe for you. Our Fe22 is the smallest of the series at just 22 feet, making it perfect for couples or small families. It is purpose-built for wake performance in a smaller package. The Fe23 is just a foot longer, but it is the perfect boat for the dedicated wake sports fans who are looking for that sweet spot in performance and style. We consider it our most appealing wake sports boat, ideal for professionals and beginners alike. The Fe25 raises the bar a notch with its spacious 25 foot size, and will easily accommodate a larger group. Large families or those who enjoy spending time with their friends will gravitate toward the Fe25.

Fe22

STD TORQUE
409ft/lb

TOTAL BALLAST
5150 lbs

FUEL CAPACITY
70 gallons

SEATING CAPACITY
13 people

TOTAL AVBL. RAMFILL
2100 lbs

Good things come in small packages. The Fe22 is the perfect boat for singles, couples, smaller families and avid wake sports enthusiasts. Small is relative, as this boat holds up to 13 people. The small size does not indicate small stature as this 22-foot powerhouse has everything you need to master the waves and amp up your skills in an easy-to-trailer and easy-to-store size.

Fe23

STD TORQUE
409ft/lb

TOTAL BALLAST
5250 lbs

FUEL CAPACITY
89 gallons

SEATING CAPACITY
14 people

TOTAL AVBL. RAMFILL
2700 lbs

The Fe23 is the boat everyone will enjoy. It is the perfect combination of size and performance for professional level experiences and weekend dreamers. Do you aspire to compete? The Fe23 will give you the tools to be on par with your most admired professional. Only competing with yourself? The Fe23 is still the boat to give you the best ride to perfect your performance and style.

Fe25

STD TORQUE
409ft/lb

TOTAL BALLAST
5600 lbs

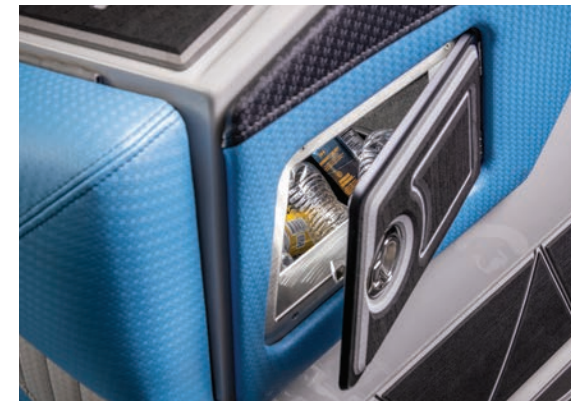

FUEL CAPACITY
92 gallons

SEATING CAPACITY
16 people

TOTAL AVBL. RAMFILL
2800 lbs

More space for more fun. The Fe25 has generous seating room and all the performance of the smaller Fes. If you like extra space and extra touches, the 25-foot Fe25 is the boat that will appeal to you. It is as responsive as the other Fes even though it offers more room for you and all your gear.

Fe Series Features

The new Fe Series includes a boatload of standard features. Pictured here are just a few: Wet Sounds Back Bone Eco System AM/FM USB stereo with its easy access stereo face and in-screen controls; the convenient walkthrough trash

receptacle; a Cobra Racing driver's seat with swivel and flip-up bolster for extreme comfort; our sleek and functional pop-up ski pylon that won't get in the way; storage areas with Rhino lining; a well-appointed Boatmate Tandem Axle Trailer.
